

A-Lock mechanical

A-Lock mechanical - quick change of attachments without hydraulic supply

For excavators without hydraulic circuits at the boom

Simple locking mechanism

NEW: No parts jut out sideways, improved use with slender buckets ¹⁾

Integrated carry hook ²⁾

Can be refitted to hydraulic A-Lock Compact Plus ¹⁾

Safeguarding of the locking bolt, optical control

Tool for opening is included in accessories ¹⁾

¹⁾ concerns CI 3 and 3 Combi, which are made in „Compact“-style
²⁾ Class 01 and 1 only with loading eye

Quality without Compromise.

Technical details

Advantages

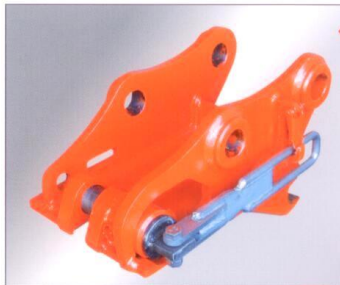

Fits to any type of excavator

Form locking system

Pin to point distance is the same as with OEM bucket
